RALLIS
AMPLUSTM
A TATA PRODUCT

Unique Encapsulated Microbial Product (Biofertilizer)

AMPLUSTM is a bio-fertilizer helps in enhancing the soil fertility by fixing atmospheric nitrogen, decomposing organic wastes and producing plant growth substances.
AMPLUSTM contains micro-encapsulated form of *Azotobacter* sp. with CFU 1 X 10⁸ cells/ml in the proprietary formulation.

Advantages of AmplusTM:

1. Highly efficient in fixing atmospheric nitrogen.
2. Sustains soil health by decomposing plant residues and stabilizing C:N ratio of soil,
3. Improves texture, structure and water holding capacity of soil
4. Solubilizes, mobilizes nutrients and makes available to plants in accordance to its nutritional demands for growth, yield increase and quality,
5. Broad action spectrum, works in a wide range of temperature and fertility levels
6. Manufactured by bio-fermentation process, no adverse effect on plant growth and soil fertility, non-toxic, non-pathogenic and environment friendly
7. Easy to store and use with long shelf-life.

FOR ALL AGRICULTURAL AND HORTICULTURAL CROPS

Direction for use

Dissolve 1litre of AmplusTM in 1000-1200 litre of water & drench in root zone of crops grown in 1ha area or can be applied through drip irrigation.

Note: For multiplication of microbes before application during dilution in water, 'AMPLUS ActiveTM' to be used in 1:1 ratio with 'AmplusTM' for desired results.

Use only for the crops mentioned. Use before the expiry date and do not expose to direct sunlight or heat.

Biofertilizer is not a chemical fertilizer hence do not mix inoculated seeds or inoculant with agro-chemicals.

STORAGE: Store in cool, dry place preferably at temperature of 15°C-35°C. Do not expose to direct sunlight and heat.

Note: The above information is based on research and field observations. Information on product performance & suggestions contained above may vary in local conditions for which the company should not be held liable for any direct and/or indirect damage. In case of doubt, it is recommended to carry out a small scale trial to test the product in local growing conditions during different seasons. AmplusTM is a green technology bio-product guaranteed for the shelf life period given in the container, to be free of manufacture defects, production and quality assurance. If this product is found to be defective for any reason as cited above please return to the distributor for replacement. The guarantee of the product quality is valid only when stored as per directives on specified in the label.
