

size : 300 x 155mm

Shriram Arito™

**Organic soil
nutrient enhancer**

Benefits:

Instrumental in solubilizing nutrients locked up in soil and make them available to plants. Helps in minimizing nutrient losses as it is applied directly at root zone. Helps in better yield with improved quality of produce. Economical and efficient method for solving plant nutrient deficiency.

Note:

Shriram Arito is a unique system to increase farm productivity. For better results use Shriram Arito in combination with Shriram Sampsas at recommended doses.
